a. Excludes assessments of railroad cars for application of the state's private car tax (see Tables 17A and 17B) or assessments of motor vehicles for application of the "vehicle license fee", an ad valorem excise tax administered by the Department of Motor Vehicles and exacted from owners of motor vehicles in lieu of general property tax.

b. "All other exemptions" include those for veterans, churches, religious properties, colleges, schools below college grade, hospitals, and charitable properties.

c. Tax rates are set on assessed values which include the homeowners' exemption and exclude "all other exemptions" from the gross. Taxes are actually levied on values "net of all exemptions" and the state reimburses local governments for all of the tax loss attributable to the homeowners' exemption.

d. Property tax relief payments by the state to local governments, sometimes viewed as state payments of property taxes, are excluded.

e. Includes state payments to local governments for all reimbursable exemptions, plus senior citizens' tax assistance. During 2000-01 the state allocated the following amounts to local governments to cover these: homeowners', \$398,362,000; open-space lands, \$35,633,000; and senior citizens total, \$326,820,000 (property tax assistance, \$71,943,000 and renters' relief, \$254,877,000). These amounts total \$760,815,000.
